(1) Every village chaukidar or daffardar or President appointed or elected under the village Chaukidar Act, 1870 (Ben. Act VI of 1870) or the Bihar and Orissa Village Administration Act, 1922 (B. & O. Act III of 1922), every village police-man appointed under Chota Nagpur Rural Police Act, 1914 (B. & O. Act I of 1914), every mukhia elected under the Bihar Panchayat Raj Act, 1947 (Bihar Act VII of 1948) and every veterinary practitioner attending any animal in the course of his veterinary practice or otherwise, who has reason to believe that such animal is infective, shall forthwith report, and every owner or person incharge or having control of an animal or any other person who has reason to believe that an animal is infective may report, the fact to the officer-in-charge of the nearest police station or the prescribed authority.

(2) On receiving a report under sub-section (1), the officer-in-charge of the police-station or the prescribed authority, as the case may be, shall, without delay, communicate such report to the nearest Veterinary Officer and forward a copy of the report to the District Officer-in-charge of the Veterinary Department. On receipt of the report the Veterinary Officer shall proceed to the place where the animal is for the time being kept and examine the animal and inquire into the circumstances of the case.

(3) Whenever a Veterinary Officer has reason to believe that the animal within his jurisdiction is infective, he shall proceed as soon as possible to the (Act 59 of 1982) place where the animal is and examine it and inquire into the circumstances of case, notwithstanding that no report under sub-section (2) in respect of such animal has been received by him.

(4) If after the examination and inquiry referred to in sub-section (2) or sub-section (3), the Veterinary Officer is of the opinion that the animal is infective, he shall report the matter in the prescribed manner to the District Officer incharge of the Veterinary Department for such action as the latter may consider necessary and shall also take such further action including medical treatment of the animal concerned under the provisions of this Chapter as may be necessary or expedient and, at the same time, shall send a copy of such report to the Sub-divisional Magistrate.

## **6. Duty To Segregate Infective Animals :-**

Every owner or person in charge or having control of animal, who has reason to believe that such animal is infective, shall, as far as may be possible in the circumstances, segregate such animal in a

place apart from all other animals which are not infective and shall take all possible steps to prevent any animals which are not infective and shall take all possible steps to prevent any animal which is not infective from coming into contact with or approaching such animal.

#### **7. Declaration Of Infected Area :-**

(1) The State Government may, by notification published in the prescribed manner, declare any area in which any contagious disease has broken out or any area within which, in the opinion of the State Government, there is a danger of the spread of any such disease, to be an infected area.

(2) Every notification under sub-section (1) shall specify the limits of the area which is declared to be an infected area and shall also specify the contagious disease in respect of which the area is declared to be an infected area.

#### **8. Preventive Vaccination Or Inoculation In Infected Area :-**

(1) In all cases in which preventive vaccination or inoculation is possible and practicable against the contagious disease in respect of which an area has been declared to be an infected area, the Veterinary Officer shall vaccinate or inoculate, as the case may be, such kinds or classes of animals in that area as may be prescribed in respect of such disease and the owner or person in charge or having control of every such animal shall render every facility and assistance to him in carrying out such vaccination or inoculation.

#### **10. Compulsory Segregation And Treatment Of Animals :-**

(1) Where a Veterinary Officer, after due examination of an animal and such inquiry into the circumstances of the case as may be necessary, is of the opinion that such animal is infective, he may by

order in writing direct the owner in person in charge or having control of such animal.

(a) to keep it where it is for the time being, or to remove it or allow it to be removed to such place of isolation or segregation as may be specified in the order.

(b) to subject it to such treatment as may be specified in the order: and such owner or person in charge of having control at such animal shall comply with such order:

Provided that where there is no person in charge or having control of the animal and the owner is either unknown and cannot be ascertained without undue delay or the order cannot be communicated to him without delay, or the owner or person in charge or having control of the animal fails to comply with the order within such time as in the opinion of the Veterinary Officer is responsible, the Veterinary Officer shall seize the animal and remove it to a place of isolation or segregation and may subject it to such treatment as may be necessary.

(2) If the owner of animal seized under the proviso to sub-section (1) or his authorized agent applies in the prescribed manner for the release of such animal, the animal shall be so released if such owner or his authorized agent pays any expense, calculated in the prescribed manner, incurred for the upkeep of the animal up to the date of its release:

Provided that on the release of the animal, the owner or his authorized agent, as the case may be, shall comply with any order which the Veterinary Officer may deem fit to issue under sub-section (1).

(3) If the owner of an animal seized under the proviso in sub-section (1) or his authorized agent does not apply for the release of the animal under sub-section (2) and the animal is in the opinion of the Veterinary Officer, no longer likely to infect any other animal with the contagious disease on account of which it was seized, the Veterinary Officer shall send the animal in the nearest cattle pound or deal with it in such other manner as may be prescribed.

## **11. Disinfection Of Buildings, Etc. :-**

Subject to such rules as may be prescribed, the Veterinary Officer may, by order in writing, require the owner, occupier or person in charge of any building, yard, vessel or vehicle in which an infective animal has been kept, to have such building, yard, vehicle or vessel disinfected or dealt with in such manner and in such extent as may

be specified in the order, and such owner, occupier or person incharge shall comply with such order.

#### **12. Power Of Veterinary Officer To Subject Infective Animal To Tests :-**

If the Veterinary Officer suspects that any animal is infective, he may subject it to such tests as may be prescribed and the owner or person incharge or having control of such animal shall render every facility and assistance to him in carrying out the tests.

Subject to such rules as may be prescribed, the Veterinary Officer may make or cause to be made a postmortem examination of any animal which at the time of its death was infective or suspected to have been infective and for this purpose

#### **13. Power Of Veterinary Officer To Carry Out Post-Mortem Examination :-**

Subject to such rules as may be prescribed, the Veterinary Officer may make or cause to be made a post mortem examination of any animal which at the time of its death was infective or suspected to have been infective and for this purpose he may cause the carcass of any such animal to be exhumed.

#### **14. Prohibition Of Sale Or Transfer Of Infective Animals :-**

Whoever sells or transfer, or attempts to sell or transfer, in any manner to another person any animal which he knows, or has reason to believe to be infective shall, be punished with time which may extend in the case of a first conviction to fifty rupees and in the case of a second or subsequent conviction to construction to one hundred rupees.

(c) the bull dies or is certified by the Veterinary Officer to have been effectively castrated in the prescribed manner.
