Land Acquisition (Punjab Amendment) Act, 1953**2 of 1954****[09 January 1954]**

An Act to amend the Land Acquisition Act, 1894, in its application to Punjab. It is hereby enacted as follows:-

1. Section 1 :-

1. Section 17-Section 17(2) of the Land Acquisition Act, 1894 lays down the special procedure to be followed for taking immediate possession of any land which is required for any Railway Administration. Government consider it necessary that this special procedure should be applied also to land required for the purpose of any library or educational institution or for the construction, extension or improvement of any building or other structure in any village for the common use of the inhabitants of such village or any godown for any society registered under the Co-operative Societies Act, 1912, or any dwelling house for the poor, or the construction of labour Colonies under a Government sponsored Scheme; or any irrigation tank, irrigation or drainage channel, or any well, or any public road. Opportunity is taken to explain the scope of the words waste or arable land occurring in clause 17(1) of the Act. It is proposed to make it clear that the mere existence of trees or temporary structures, such as huts, pandals or sheds, on waste or arable land will not alter its character as such.

2. Section 18. - In their Full Bench judgement, the Calcutta high Court have held that in dealing with an application made to him under section 18 of the Land Acquisition Act, 1894, the Collector does not act as a Court and, even if he does, he does not do so as a Court subordinate to the High Court. They have, therefore, suggested that it is essential in the ends of justice that the Collector should be placed under some measure of control and his order made revisable by a Court. The Government of India are of the view, with which Punjab Government agree, that a provision should be made by the insertion of sub-section (3) to section 18 of the Act so that the Collectors order under this section should be made revisable by a High Court.

3. Section 34. - Section 34 of Land Acquisition Act, 1894, provides that when the amount of compensation is not paid or deposited on or before taking possession of the Land, the Collector has to pay the amount awarded with interest thereon at the rate of six per cent per annum from the date of taking possession till the date of payment or deposit, as the case may be. Government consider that the rate of interest at six per cent per annum is out of date as bank rate has considerably fallen and that the section should, therefore, be amended so that interest is paid according to the prevailing bank rates. Government consider that the rate of interest be reduced from six per cent to four per cent per annum.

4. Section 28. - Mention of the rate of interest has also been made in section 28 of the Land Acquisition Act, 1894, as given in section 34 of the Act. As an amendment of the rate of interest under section 34 is being proposed, amendment to section 28 is also necessary. (Punjab Government Gazette Extraordinary dated the 21st May 1953).
