Hon'ble Judges: Pinaki Chandra Ghose, J; U.U. Lalit, J

Bench: Division Bench

Advocate: Naveen Sharma and Mishra Saurabh, for the Appellant; Rajeev Kumar Bansal, M.P. Singh and Akshay K. Ghai, Advocates for the Respondent

Final Decision: Allowed

Judgement

Pinaki Chandra Ghose, J.

The present Criminal Appeal has been preferred against the judgment and order dated 10.07.2008 passed by

the High Court of Madhya Pradesh at Jabalpur in Criminal Appeal No. 924 of 2006, whereby the High Court set aside the judgment of conviction

and order of sentence passed by the learned Trial Court and acquitted the accused from all the charges levelled against him.

2. The facts of the present matter are that on 03.01.2003, at about 10:30 A.M. the prosecutrix was going to school along with her sister. On

realizing that she had left behind her practical note book, she returned back and after taking the said note book she once again headed towards the

school. When she reached near Tar Badi (wire fencing) near Hawaii Patti, there was an Ambassador car standing there and as alleged, the accused

Respondent came out of the car, pulled the prosecutrix inside the car and forced her to smell something, as a result of which the prosecutrix

became unconscious. As alleged by the prosecution, the prosecutrix was taken to some unknown place thereafter.

3. On regaining consciousness, the prosecutrix felt pain in her private parts. On the same day, she was admitted in the District Hospital, Satna in an

unconscious condition and information about the incident was given to Laxmikant Sharma (P.W.8), the uncle of the prosecutrix. On 10.01.2003,

the prosecutrix was discharged from the Hospital and sent back to her home where she narrated the incident and thereafter an F.I.R was lodged.

During the course of investigation, the prosecutrix was sent for medical examination and her clothes were seized and slides were prepared. After

receipt of the medical report, F.I.R was registered and site map of the spot was prepared. The Investigating Officer seized various articles which

included the prosecutrix's birth certificate and certificate of the Middle School Examination, 2001. Along with that the relevant page (page No. 20)

of the register of the U.S.A. Hotel was also seized. After due investigation a charge-sheet was filed against the Respondent for offences Under

Sections 363, 366 and 376 of the Indian Penal Code, 1860 ("I.P.C.") and the statements of the prosecution witnesses were recorded.

4. On 27.03.2003, the Judicial Magistrate, First Class Satna registered the Criminal Case No. 116/2003 and passed the committal order.

Accordingly, the case was transferred and was received by the Upper District Sessions Judge-III, Satna for trial.

5. The IIIrd Additional Sessions Judge, Satna, by his order dated 24.04.2006 passed in Special Case No. 123/2003, convicted the accused

Under Sections 363, 366 and 376 of Indian Penal Code and held that all the offences against the Respondent were proved beyond reasonable

doubt. The Respondent was awarded 7 years" rigorous imprisonment and fine of Rs. 500/- for the crime Under Section 363 Indian Penal Code,

10 years" rigorous imprisonment and fine of Rs. 1000/- for the crime Under Section 366 Indian Penal Code, and 10 years" rigorous imprisonment

and fine of Rs. 1000/- for the crime Under Section 376 Indian Penal Code with default clauses. All the substantive sentences were directed to run

concurrently.

6. Aggrieved by the aforesaid judgment and order passed by the IIIrd Additional Sessions Judge, Satna, the Respondent preferred an appeal

Under Section 374(2) of Code of Criminal Procedure before the High Court of Madhya Pradesh at Jabalpur, which was numbered as Criminal

Appeal No. 924 of 2006. The learned Single Judge of the High Court, by impugned judgment and order dated 10.07.2008, set aside the

judgment and order of conviction passed by the Trial Court against the Respondent. The High Court ruled that the decision of the Trial Court was

not sustainable solely on the ground that the prosecution had failed to prove the fact that the girl was less than 16 years of age at the time of the

incident. The reasons that weighed heavily with the ruling of the High Court were that, either the public prosecutor or P.W. 7 Pramod Kumar

Sharma (father of the prosecutrix) tried to file Ext. P/5 which was not part of the charge-sheet. Such type of evidence could not be created by any

person except the Investigation Officer. It was for the prosecution to show that a particular document was taken on record during investigation but

could not be filed. The prosecution could not create any new evidence which was not part of the investigation. Ext. P/5 and Ext. P/6 have variation

in the date of birth of the prosecutrix. In certificate Ext. P/5 the date of birth was disclosed as 29.8.1987, whereas in certificate Ext. P/6 it has been

disclosed as 27.8.1987. The High Court found this sufficient to disbelieve that the prosecutrix was below 16 years of age at the time of the

incident. The High Court relied on the statement of PW-11 Dr. A.K. Saraf who took the X-ray of the prosecutrix and on the basis of the

ossification test, came to the conclusion that the age of the prosecutrix was more than 15 years but less than 18 years. Considering this the High

Court presumed that the girl was more than 18 years of age at the time of the incident. The last ground taken by the High Court was that the girl

was a consenting party and was more than 18 years of age at the time of the incident and thus, no offence against the accused has been proved.

7. We have heard the learned Counsel appearing for the parties.

8. Before us, learned Counsel for the State of Madhya Pradesh has raised the contention that the High Court gave undue importance to the

difference of two days in the date of birth of the prosecutrix as per the birth certificate and the certificate of the Middle School Examination 2001,

and erroneously held that this difference is sufficient to disbelieve the age of the prosecutrix. Further, the High Court ought to have appreciated the

law laid down by this Court that regarding the determination of age, the birth certificate is the determining evidence.

9. The learned Counsel appearing for the Respondent, on the other hand, argued that the prosecution story is concocted as her evidence is not

corroborated by the evidence of P.W. 9 Jagdish Gupta, the Manager of the Hotel. Further, the Respondent states that the prosecutrix did not give

any resistance and there were no injury marks, which make it clear that she was a consenting party. In addition, the learned Counsel argued that

the prosecution did not explain as to why the Investigating Officer did not seize the birth certificate during the course of investigation.

10. We believe that the present case involves only one issue for this Court to be considered, which is regarding the determination of the age of the

prosecutrix.

11. In the present case, the central question is whether the prosecutrix was below 16 years of age at the time of the incident. The prosecution in

support of their case adduced two certificates, which were the birth certificate and the middle school certificate. The date of birth of the prosecutrix

has been shown as 29.08.1987 in the Birth Certificate (Ext. P/5), while the date of birth is shown as 27.08.1987 in the Middle School Examination

Certificate. There is a difference of just two days in the dates mentioned in the abovementioned Exhibits. The Trial Court has rightly observed that

the birth certificate Ext. P/5 clearly shows that the registration regarding the birth was made on 30.10.1987 and keeping in view the fact that

registration was made within 2 months of the birth, it could not be guessed that the prosecutrix was shown as under-aged in view of the possibility

of the incident in question. We are of the view that the discrepancy of two days in the two documents adduced by the prosecution is immaterial

and the High Court was wrong in presuming that the documents could not be relied upon in determining the age of the prosecutrix.

12. This Court in the case of Mahadeo S/o. Kerba Maske v. State of Maharashtra and Anr. (2013) 14 SCC 637, has held that Rule 12(3) of the

Juvenile Justice (Care and Protection of Children) Rules, 2007, is applicable in determining the age of the victim of rape. Rule 12(3) reads as

under:

Rule 12(3): In every case concerning a child or juvenile in conflict with law, the age determination inquiry shall be conducted by the court or the

Board or, as the case may be, the Committee by seeking evidence by obtaining-

(a) (i) the matriculation or equivalent certificates, if available; and in the absence whereof;

(ii) the date of birth certificate from the school (other than a play school) first attended; and in the absence whereof;

(iii) the birth certificate given by a corporation or a municipal authority or a panchayat;

(b) and only in the absence of either (i), (ii) or (iii) of Clause (a) above, the medical opinion will be sought from a duly constituted Medical Board,

which will declare the age of the juvenile or child. In case exact assessment of the age cannot be done, the Court or the Board or, as the case may

be, the Committee, for the reasons to be recorded by them, may, if considered necessary, give benefit to the child or juvenile by considering

his/her age on lower side within the margin of one year.

and, while passing orders in such case shall, after taking into consideration such evidence as may be available, or the medical opinion, as the case

may be, record a finding in respect of his age and either of the evidence specified in any of the Clauses (a)(i), (ii), (iii) or in the absence whereof,

Clause (b) shall be the conclusive proof of the age as regards such child or the juvenile in conflict with law.

13. This Court further held in paragraph 12 of Mahadeo S/o. Kerba Maske (supra) as under:

Under Rule 12(3)(b), it is specifically provided that only in the absence of alternative methods described Under Rule 12(3)(a)(i) to (iii), the medical

opinion can be sought for. In the light of such a statutory rule prevailing for ascertainment of the age of the juvenile in our considered opinion, the

same yardstick can be rightly followed by the courts for the purpose of the ascertaining the age of a victim as well.

(Emphasis supplied)

This Court therefore relied on the certificates issued by the school in determining the age of the prosecutrix. In paragraph 13, this Court observed:

In light of our above reasoning, in the case on hand, there were certificates issued by the school in which the prosecutrix did her V standard and in

the school leaving certificate issued by the school under Exhibit 54, the date of birth has been clearly noted as 20.05.1990 and this document was

also proved by PW 11. Apart from that the transfer certificate as well as the admission form maintained by the Primary School, Latur, where the

prosecutrix had her initial education, also confirmed the date of birth as 20.05.1990, the reliance placed upon the said evidence by the Courts

below to arrive at the age of the prosecutrix to hold that the prosecutrix was below 18 years of age at the time of occurrence was perfectly justified

and we do not find any grounds to interfere with the same.

14. In the present case, we have before us two documents which support the case of the prosecutrix that she was below 16 years of age at the

time the incident took place. These documents can be used for ascertaining the age of the prosecutrix as per Rule 12(3)(b). The difference of two

days in the dates, in our considered view, is immaterial and just on this minor discrepancy, the evidence in the form of Exts. P/5 and P/6 cannot be

discarded. Therefore, the Trial Court was correct in relying on the documents.

15. The High Court also relied on the statement of PW-11 Dr. A.K. Saraf who took the X-ray of the prosecutrix and on the basis of the

ossification test, came to the conclusion that the age of the prosecutrix was more than 15 years but less than 18 years. Considering this the High

Court presumed that the girl was more than 18 years of age at the time of the incident. With respect to this finding of the High Court, we are of the

opinion that the High Court should have relied firstly on the documents as stipulated Under Rule 12(3)(b) and only in the absence, the medical

opinion should have been sought. We find that the Trial Court has also dealt with this aspect of the ossification test. The Trial Court noted that the

Respondent had cited Lakhanlal Vs. State of Madhya Pradesh, (2004) CriLJ 3962 : (2005) ILR (MP) 530 : (2004) 4 MPLJ 423 , wherein the

High Court of Madhya Pradesh said that where the doctor having examined the prosecutrix and found her to be below 18 1/2 years, then keeping

in mind the variation of two years, the accused should be given the benefit of doubt. Thereafter, the Trial Court rightly held that in the present case

the ossification test is not the sole criteria for determination of the date of birth of the prosecutrix as her certificate of birth and also the certificate of

her medical examination had been enclosed.

16. Thus, keeping in view the medical examination reports, the statements of the prosecution witnesses which inspire confidence and the

certificates proving the age of the prosecutrix to be below 16 years of age on the date of the incident, we set aside the impugned judgment passed

by the High Court and uphold the judgment and order dated 24.04.2006 passed by the IIIrd Additional Sessions Judge, Satna in Special Case

No. 123/2003.

17. Accordingly, this appeal is allowed. We direct that the Respondent shall be taken into custody forthwith to serve out the sentence.

Pinaki Chandra Ghose and Uday Umesh Lalit, JJ.

18. Hon"ble Mr. Justice Pinaki Chandra Ghose pronounced the reportable judgment of the Bench comprising His Lordship and Hon"ble Mr.

Justice Uday Umesh Lalit.

19. The appeal is allowed and the Respondent shall be taken into custody forthwith to serve out the sentence in terms of the signed reportable

judgment.
